THREE THREE CENTS

TROLLEY TIE-UP IN THREE CITIES

Syracuse and Rochester
Report 'Not a Wheel Turned'
in Sunday Dispatches

MORE WAGES SOUGHT

Final Action by Rochester Strikers
Who Have Voted to Re-
turn Is Expected Today

Oneonta, May 2. — For the first time in the history of this city the street car system is paralyzed by a strike. A wheel turned on the tracks of the local company after 3 o'clock, this morning when the men, ignoring the pleas of their union officials not to strike and to leave the adjustment of their demands for an eight-hour day and a wage increase to further arbitration, voted unanimously not to return to work.

The decision to strike came at the end of a two hour session after the president and business agent of the local division of the Amalgamated Association of Street and Electric Railway Employees had impudently urged the men to remain true to the arbitration clause of their contract. In response to a call shouted from the floor, for every man who wants a vacation to stand, the entire gathering rose to its feet.

The lack of trolley service had its effect on many of the Sunday activities. The attendance at the churches and the theatres was noticeably smaller.

In a statement tonight Patrick T. Noon, business agent of the Union district, who opposed the strike action, declared the men are "arrogant and lawless for the eight hour day and wage raise." They must not be "treated as outlaws," he asserted.

Stratton Services at Standard.
Syracuse, May 2. — Trolley service in Syracuse was at a standstill today, following the walk-out of more than 100 employees of the Syracuse lines of the New York State railways, to force a wage increase in wages than 10 cents per hour already offered.

Men who have long been in the employ of the company fought the strike action and agreed for standing their agreement with the company, which clause provided for arbitration by a board of arbitrators composed of representatives of the strike workers to settle their demands and their views.

William D. Mahon, international president of the Amalgamated Association of Street and Electric Railway Employees of America, who has been making an effort to end the strike, stated in New York and New Haven, a statement in Syracuse yesterday.

He stated that he thought that if the strike could be ended, the men would be in a position to return to work. He stated that he thought that if the strike could be ended, the men would be in a position to return to work.

URGE ALL TO OBSERVE LANDING OF PILGRIMS

Tercentenary Celebration of
Historical Event Begins With
Ceremonies on June 4

New York, May 2. — In celebration of the tercentenary of the landing of the Pilgrim Fathers, the Pilgrimage Association, with headquarters in this city, has issued an address urging the people of the United States to hold appropriate ceremonies in every section of the country beginning June 4. Great Britain, on Holland, it said, will celebrate through people's committees and will send representative delegations to take part in carrying out a popular American program.

The Pilgrimage Association, of which Vice President Thomas H. Marshall is honorary chairman, suggests that the celebration be in the nature of a program of public meetings, special instruction in the public schools, universal church service, local pageants and parades. The association, itself, already has arranged for an educational program in the public schools beginning June 1.

In September there is to be a celebration in Provincetown, Massachusetts, which will be followed a week later by another in New York city, while in October celebrations will be held in Norfolk and Hampton Roads, Virginia, and New Orleans. On later dates celebrations will be held in Buffalo and the Niagara frontier, and in other American cities and towns.

On November 11, Armistice day, and the anniversary of the signing of the Mayflower compact, there are to be celebrations throughout the English speaking world, with further exercises on Thanksgiving day. Some Sunday in November also is to be set aside for a general church service throughout the English speaking world.

MINERS AND DOCKMEN JOIN FRENCH STRIKE

Casualties in May Day Disorders in France Total Three Dead, 102 Wounded

Paris, May 2. — The strike of the dockmen for nationalization of the railways, which is to be joined tomorrow by the miners and dockmen, has resulted thus far only in hindering traffic on four of the five systems—the Eastern, Northern, Orleans and the Paris, Lyons and Mediterranean. Tomorrow, however, the state line, which runs to the west, will be closed.

The strike is a complete failure, said the authorities, the number of trains running is small, and the number of passengers is small.

SAYS A. F. L. BACKS MEXICAN REVOLT

Reports Connecting Federation
With Anti-Carranza Movement
Are Given Confirmation

NO "BOLSHEVIKI" WAR

Second Congress of Pan American
Federation, Sponsored By
A. F. L., Will Be July 12

ALBUQUERQUE, N. M., May 2. — (The Associated Press.) Confirmation of wide spread reports of anti-Carranza movements throughout Mexico, and the declaration that the American Federation of Labor is expected to give its support to the movement, were made by Juan Risco, president of the Laborers Union of Mexico, and secretary of the executive board of the Mexican labor party, here tonight.

According to Risco, the American Federation of Labor will vote for the fact that the movement is not a Bolsheviki uprising, but a legitimate attempt to secure industrial freedom in Mexico. Risco insisted that a statement from the American Federation could be expected shortly, despite reports that the organization originally had been delaying about recognition of President Carranza.

"So far the armed forces of workers number nearly 10,000. The labor party has sent its delegates to the various states of Mexico to spread the movement," Risco said.

In general all the workers of the country are in the struggle forgetting in the heat of the common interests, all previous, personal.

After outlining the cause of the Mexican revolution and the repression of its chief, Risco continued:

Carranza and his puppet in the traitors, abandoned the people when he sought to surround himself with elements actually as corrupt as those that he defeated at Calles and Trinidad.

The old man of Coahuila formed a clique of men anxious for power and self. The great traitor may keep his ill-gotten gains but he need not dream that he shall longer remain an absolute despot for the day of stars and banners is passed.

"In the meantime, the victorious people are marching swiftly toward Mexico City, to establish a regime of honest men who will forever preserve the country and its revolutionary ideals."

Risco announced that the second congress of the Pan American Federation of Labor sponsored by the American Federation and the regional congress of Mexican workers, scheduled to meet in Mexico City July 12, will convene either at Havana or Bogota on that date.

The congress will be held at Havana or Bogota on that date.

Prince of Wales Shows Himself a Good Fellow

Amherst, New Zealand May 2.—The Prince of Wales returned his tour of New Zealand's coast towns, the strike of the railway men having been ended. This afternoon the Prince reached Auckland, having been welcomed everywhere with enthusiasm.

An interesting incident connected with the strike is related. Prior to the settlement of the railway, the Prince was told there would be no difficulty in finding men to run the royal train.

Will they find them for the people? The Prince inquired. At present they will find a railroad official replied.

That being so, the Prince responded, the railroad men might for me. I am one of the people.

ARGENTINA POLICE PREVENT UPRISING

Outwit Reds in Effort to Establish General Strike Throughout South America

Buenos Aires April 3. — How the police of Argentina, before the date set for the "Communist Revolution" in combination with the recent general strike here, outwitted the Reds and prevented the uprising has not been revealed to The Associated Press correspondent.

Radical elements, mostly of foreign extraction, had planned the reign of terror for the same day on which the Kapp revolution in Germany began. If the ambitious plans of the Communists for murder and plague had succeeded, the city would have been in control of a government of the Bolsheviki variety, backed by a Red army.

The police, who had learned of the plot long in advance, however, on the night the revolution was to take place, descended upon the Communist headquarters, arrested nearly 200 men and women and confiscated several arsenals of bombs, arms and ammunition together with large quantities of anarchist literature.

The Communists, it is alleged, formed part of a labor organization known as "The Fifth Congress of Anarchism," which some time ago separated from the Argentine Federation of Labor, and which is supposed to control a number of unions.

Instructions had been issued by the Communists fixing the date of the revolution for Saturday afternoon, March 10. Groups were assigned to destroy public services, electric lights and water plants, railroads, telephones, and telegraphs and others were assigned to explode bombs in public places, seize military stores and assassinate judges and police officers.

The plotters planned to place the city under control of a "Central Soviet Committee."

Some fully aware of all these plans, the government authorities on the night before this date set for the revolution, stationed troops at all places threatened. The police then raided the Communist plants and captured a complete bomb factory and a large assortment of arms and ammunition.

All was done quietly but the people of Buenos Aires soon learned that they had escaped a real danger when photographs of the collections of "red" machine implements were published in the newspapers and the police arrested the frustrated plotters.

Squads of mounted police armed with rifles appeared in the streets for several days after the raid. Three radical unions struck and there was a successful attempt to blow up a railroad bridge and a woman's frame was forced to suspend until soldiers arrived to protect it from attacks on vandals and rioters.

The city however is now quiet, awaiting the trial of the alleged anarchists, 15 of whom have been seized out as ringleaders. Sixteen of them are now in Argentinean "political" newspapers, a "red" newspaper for the United States, and a "red" newspaper for the United States.

SYRIAN COLLEGE PRESIDENT DIES

Dr. Howard Sweetser Bliss Succumbs to General Break Down at Saranac

GRADUATE OF UNION

Father Founded Protestant College at Beirut, Nearly 60 Years Ago

New York, May 2. — Dr. Howard Sweetser Bliss, president of the Syrian Protestant college of Beirut, Syria, died at Saranac, N. Y., according to a message received here. He had been in failing health for several months and was taken to Saranac for a week ago in the hope that the climate there might be helpful to his recovery.

Dr. Bliss' friends in this country lamented his breakdown in view of his labors before the peace conference in Paris last year, in the interest of the policy of self-determination for Syria. Dr. Bliss spent several months in the conference, and was one of the members of the conference.

At request of President Wilson, Dr. Bliss was personally before the conference in this case. Shortly after his return to this country last year he devoted himself to articles in the newspapers and magazines in support of the principle of a mandate for Syria, chosen by the Syrian people.

Dr. Bliss is survived by his widow and two children. He became president of the Syrian Protestant college in 1911, succeeding his father, Dr. Henry Bliss, the founder of the college and for 49 years its president and guiding genius.

Dr. Bliss was born in Salt-Lake, a village of Mt. Lebanon. He was graduated by Amherst college in 1881 and for the next two years was a member of the faculty of Washburn college, Topeka, Kansas. In 1883 he was graduated by the Union Theological seminary and for the next two years studied abroad on a seminary scholarship.

After several years in the ministry, he succeeded his father as head of the Syrian college, which developed rapidly under his guidance. The present enrollment is approximately 1,000 pupils drawn from all parts of the Near East.

The funeral will be held at noon Wednesday at Jaffrey, New Hampshire.

Saranac Lake, May 2. — The death of Dr. Howard Sweetser Bliss, president of the Syrian Protestant college of Beirut, Syria, occurred here today. The body will be taken to Jaffrey, New Hampshire, for burial.

COLBY URGES SUCCOR FOR TROUBLED EUROPE

Secretary of State, Making Plea, Predicts World on Brink of Utter Disaster

New York, May 2. — In a plea for American support for the distressed of Europe made at a relief meeting here tonight, Secretary of State Bainbridge Hoge declared the world is on the brink of a great disaster, not of utter disaster, emphasizing the need for physician and not a surgeon.

Results of Yesterday's Games

CHAMPIONS SET PACE IN NATIONAL LEAGUE

Red Sox Out Chicago American Title Holders from First Berth in the League Standings

New York, May 2.—The Chicago American League champions won four straight games and set the pace in the National League last week. The Red Sox record of six consecutive victories was checked today by Cooper of Pittsburgh. The Chicago American title holders were ousted from first place during the latter part of the week by Boston; Cleveland regained the lead Saturday and held on to it today by defeating St. Louis.

The best showing in the younger league was made by St. Louis, which won four of its five games. Detroit, still unable to hit effectively, today lost its thirteenth straight contest since the season started.

The record breaking 26-inning one to one tie between Cadore of the Brooklyn Nationals and Oeschger of Boston was the outstanding feature of the week. The pair engaged in an 11-inning pitchers' duel in Boston two weeks ago, which was won by the Superbas, 1 to 0. Brooklyn continued its extra inning habit today, losing a 12-inning game to Philadelphia.

NATIONAL LEAGUE

DODGERS LOSE 12-INNING GAME TO PHILLIES, 4 TO 3

Brooklyn, May 2.—After playing 26 innings to a tie in Boston yesterday, the Brooklyn came home today and lost a thirteen inning game to Philadelphia by 4 to 3.

CHAMPS WINNING STREAK BROKEN BY PIRATES, 3-0

Cincinnati, May 2.—Pittsburgh broke Cincinnati's winning streak of six games today by shutting out the champions, 3 to 0.

CUBS BREAK TIE IN TENTH, BEATING CARDINALS, 5 TO 4

Chicago, May 2.—Janyrin's muff of Herzog's fly after two were out enabled Chicago to tie the score in the ninth inning and they won out in the tenth when Killifer's double scored Faskert, giving Chicago the

AMERICAN LEAGUE

JONES WEAKENS IN SIXTH AND YANKS DEFEAT BOSTON

New York, May 2.—Jones weakened in the sixth after pitching strong ball and the Yankees bunched five hits, including a home run by Ruth, his second in two days with two bases on balls and an error and were never headed thereafter.

TIGERS LOSE 13 STRAIGHT, FINAL GOING TO CLEVELAND

Detroit, May 2.—Detroit lost its thirteenth consecutive game today, Cleveland winning, 5 to 2.

WHITE SOX WIN SECOND GAME IN SERIES WITH BROWNS, 7-3

St. Louis, May 2.—Chicago made it two-in-a-row from St. Louis, taking the second game of the series today, 7 to 3.

SENIATORS GET ANOTHER GAME OFF ATHLETICS, SCORE 5 TO 4

Washington, May 2.—Washington took the third game of the series from Philadelphia today, 5 to 4.

The Cold That Hangs On

This is No. 5 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

A cold is simply an inflammation of some part of the air passages—throat, larynx or bronchial tubes—just like a sore is an inflammation of the skin. A long continued cold means constant inflammation and this constant inflammation frequently weakens the air passages so that they become an easy point of attack for invading germs of more serious diseases. A "cold that hangs on," therefore, is simply nature's "red flag" indicating that there is "trouble below," and this warning should never be neglected.

Nightly applications of Vicks' Vapo-Rub will aid nature to clear up that inflammation. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots

and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to The Vicks Chemical Company, 235 Broad Street, Greensboro, N.C.

LIMIT TIME LOANS TO MAY RENEWALS

Scarcity of Money Advances Call Rates on Stock Exchange to 15 Percent

New York, May 2.—Deflation of credits proceeding apace throughout the country last week, was accompanied by further depreciation of loaned values on the stock exchange. All money loans were limited largely to May renewals.

Deflation of the recent adverse showing by branch banks at leading western and southern centers, little surprise was manifested at the further tightening of control by the Federal reserve board. This took the form in part of closer scrutiny of bank acceptances and advances of discount where reserves were lowest.

There was lively discussion in high financial quarters of the report made by the comptroller of the currency showing that the country's bank deposits have suffered a shrinkage in excess of one billion dollars. This was largely attributed to strikes and other labor disturbances.

The quarterly statement of the United States Steel corporation indicated a marked revival of the war boom in that industry, but the railroad strike still to be reckoned as a deterrent promises serious impairment of production in the year's second quarter.

Advances from principal mill centers pointed to tendency by steel and iron manufacturers to divert much of their fabricated materials from automobile parts to railroad equipments, for which demand is increasing.

This inquiry, it is said, would assume more imposing proportions if the railroads were in better position to finance requirements.

It is generally agreed that new capital issues, even at attractive interest returns, will meet with little encouragement from institutions and individual investors until existing normal economic conditions have been corrected.

S. S. M. Railroad Withdraws Appeal.

The defendant company in the case of Mrs. Orra E. Peattie vs. the Schoharie and Adirondack railroad has withdrawn its appeal from the judgment for \$5,000 in favor of the plaintiff rendered in January last. Judgment has accordingly been entered for the company as Mrs. Peattie one-third of her claim at once, and withheld each in April of 1921 and 1922. The judgment, with costs and interest, amounts to \$7,300, and is the death of the plaintiff's husband, who was stricken by a train on September, 1914.

For Sale—Building lots, no water in cellar. Horse and 1 1/2 acres land. House and seven acres land. Sixty-five acre farm, running water, plenty of timber, half mile from state road. Town of Milford, W. A. Shafter, 355 Chestnut street. advt ft

No story has ever been so vividly told in pictures as this great Rupert Hughes' novel, a love story of industrial America. It moves swiftly and surely in a succession of dramatic situations that has never been surpassed in photoplay making. Every American must see this picture. Every moving picture lover will go wild about it.

I JUST LOVE
Kandyland
CHOCOLATES

They're so different from the ordinary kind—so quaintly delicious, if I may thus express it. I always ask Jack to bring me Kandyland Chocolates. Wise little maid, she knows. Our chocolates are deliciously different. Try some

It has been proven for twenty years, by the experience of thousands of protected buildings all over America, during the most severe electrical storms—that Lightning cannot destroy a building protected by Shinn-Flat Lightning Rods.

Shinn-Flat
Lightning Rods Prevent Losses

They are distinctive in design—worn in a flat form—with 36% greater capacity for carrying electricity than old-fashioned rods. All authorities agree that this is the best form of Lightning Rod—the safest and best, also the most attractive and the least conspicuous.

Ask for a copy of the Book on Shinn-Flat, explaining the Cause and Control of Lightning—Free.

LOCAL MENTION
—Miss Pauline Morris of Gilbertsville, daughter of Mr. and Mrs. J. W. Morris, has accepted a position with Dr. Charles F. Davis as nurse, and commences her duties today.

—Two shipments of seedling pines reached Oneonta Saturday from the state nurseries at Salamanca—one for the Oneonta Water Works company and the other for parties at Cooperstown.

—Three passed through Oneonta last night over the D. & H. 41 cars—loads of automobiles filled to points north and east. This is the first sizeable shipment of motor cars by rail to pass through this city in a long time.

COAL BUSINESS PURCHASED.

Oneonta Ice Company Acquires Plant and Business of L. B. Green.

The Oneonta Ice company has purchased of L. B. Green his retail coal business, taking possession on Saturday last. The purchasers have constructed also for the purchase of the real estate. This ice company offers here for some time had some project in mind that would effect economies and supply work during the dull period of the year for teams and men and it is believed that the two businesses will work advantageously.

The new owners announce that all orders and contracts held by Mr. Green will be filled by them and he will remain with them for a few weeks until they become familiar with the trade. Mr. Green has no plans for the future that he can announce at present. It is to be hoped that he will remain in the city.

Meetings Today.

Stated conference of Oneonta lodge, No. 105, F. and A. M., held this evening at 8 o'clock. Work second degree.

Co. G band rehearsal this evening at 8:15 sharp.

WILDER BUYS BLOCK
PURCHASES LENNON AND HILLS BUILDING NOW OCCUPIED
M. E. Wilder & Son, for 22 years in Same Location, Assured Permanency There—Block Modern, Substantial and Well Built.

M. E. Wilder & Son were assured on Saturday permanency in their present location at 221 and 223 Main street. L. E. Wilder completing the purchase from L. R. Lennon and W. W. Hills of the block at that location, thus adding another to the list of established business houses of the city securing permanent homes by acquisition of the stores they occupy or others. The block is in a desirable location on the north side of Main street, midway between Dietz street and Ford street, is comparatively new and is one of the best built business structures in the city, having been constructed of the best class materials throughout and in a workmanlike manner. The purchase price is not announced and it is believed represents present market conditions.

Mr. Wilder is being congratulated upon the purchase of the property by all his acquaintances, by whom it is considered a good business move and a wise speculation as well as a desirable property to own. It is gratifying to Mr. Wilder also because the present month is the twenty-fifth anniversary of the establishment of the business and to have survived that period with a constantly increasing volume of trade is evidence that the business has a real and valid reason for continued existence. It has served the public, giving a good quality of goods at reasonable and fair prices.

Mr. Wilder has no changes in contemplation for the present. Mr. Lennon and Mr. James H. Skinner have taken lease of the suites of rooms they occupy and the other tenants, so far as Mr. Wilder has been informed, expect to remain. At the same time, the three stories afford ample floor space for expansion should the business demand and there are also 20 feet at the rear, upon which the building could be extended if desired without encroachment upon the right of way of others.

Originally located in the Dissell block, the concern moved 22 years ago to the present location and the wisdom of selection has been sustained by the increased development of that end of the business street, and the notable improvements made. In recognition of the anniversary, the firm will tomorrow announce a twenty-fifth anniversary sale.

TOTAL ECLIPSE OF MOON.

Fact Which Explains Why It Was So Dark Last Night.

Though yesterday, according to the almanac, was the period of the full moon in May—there were at first quite a number of people who were puzzled at the darkness of the evening. Reference to the almanac, however, and even a more or less careful scrutiny of the sky revealed the reason, which was that it was the date of the first eclipse of the moon for the present year. The eclipse began in these latitudes at 7:01 p. m. standard time, reached totality at 8:15 p. m. and ended at 9:11 p. m., the total duration of the lunar phenomenon being 1 hour and 49 minutes.

The only other eclipse visible in this section the present year will be a partial one of the sun on November 19. The eclipse in this part of New York begins at 8:57 a. m. and ends at 11:24 a. m.—is only a little more than a third total at the period of greatest obscuration.

Banquet at Presbyterian Church.

At an informal conference of about 20 young people of the First Presbyterian church, held last evening in the church parlors, it was decided to hold a banquet on Tuesday evening, May 25, which will take the form of a get-together rally to interest young people in the work of the church. Committees were appointed at the meeting to arrange for the banquet and to nominate officers for the young people's organization, which it was decided to form. This organization is for all the young people in the First Presbyterian congregation and it is for the purpose of giving the young people something to do in the church and also to cultivate sociability among the younger members of the congregation.

Normal Trolley Jumps Track.

The "normal" trolley, while making a turn Church street early last evening suddenly decided to leave the track and brought up against the sidewalk where it stopped. The other trolley was called to the rescue but was unsuccessful in pulling the car back onto the tracks and at a late hour last evening it still was "not home" in the gutter.

Fancy maple syrup at the right price. Hay & VanBuren, 215 Chestnut st. No. 322. advt 34.

RESIDENTIAL REALTY CHANGES.
Demand for Desirable Homes Continues with Upward Trend in Prices.
Real estate men report the demand for desirable homes in the city as unabated with the supply limited and the sellers becoming hesitant until an available house for them is assured. On Saturday two transfers which had been hanging fire due to inability to provide for the second seller were closed, when a house for him was found.

H. F. VanWoert purchased the desirable residence erected by the late P. E. Young at 3 West street, owned by Edward Crippen and will occupy it about June 1st. Mr. Crippen in turn bought the house of Robert A. Enslin at 15 Central avenue, and will take possession when he vacates the West street residence.

The Van Woert residence at 5 Myrtle avenue was purchased by Mrs. John B. Holmes, who recently sold her home on Walling boulevard bought of Mrs. John Gruner to George E. Moore. Mrs. Holmes will also take possession of the Myrtle avenue house on June 1. The sale of the Crippen house was made by VanWoert, and of the VanWoert and Enslin houses by the Bard agency.

L. H. Fleming has sold his residence at 71 Elm street to Charles A. Clark, who recently sold his farm at Lemmons and will remove to the city to reside. Mr. Fleming has resigned his position with the Prudential Insurance company as assistant manager here. He is undecided as to his future plans but has several propositions under consideration.

CLEAN-UP WEEK BEGINS.

Lasts All Week and Should Result in Total Eclipse of Dirt.

Last night, as elsewhere noted, was the date of a total eclipse of the moon, this morning a week-long attack begins in Oneonta which Saturday night should end with a total eclipse, annihilation and elimination of dirt. From daylight today to sundown Saturday is Clean-Up week, and everybody is enjoined to do his full duty in and on the premises.

In other columns of The Star this morning the program of the week is given, and in these columns at an earlier date appeared the proclamation of Mayor Ceperley. All are entreated to read proclamation and program and then to do a full share in making Oneonta a spotless town. There should be no piles of rubbish, no unsightly mounds of ashes, no accumulations of old paper, nothing in fact to offend the eye or nostril or to endanger public health when the week closes. Oneonta has done excellent work in other years during Clean-Up week; it should do equally well this year.

Removal Announcement.

Dr. Charles F. Davis announces the removal of his dental office to 8 Lawn avenue, Huntington park corner. He will be assisted by Dr. Lyman DeLamater, dentist, Reginald Covell, laboratory man, and Miss Pauline Morris, nurse. advt 17.

Inquire 42 Academy street, or phone 847-J. advt 20.

For Sale—practical housekeeper, at the Windsor, Oneonta, June 1st, Eagle, Norwich, June 5. advt 21.

HARTWICK MAN HANGS SELF
Ziba Drew, Employed at Boarding House of M. D. Sitter, Commits Suicide Sunday.

Hartwick, May 1.—Ziba Drew, employed at the boarding house and livery conducted in this village by M. D. Sitter, ended his life by hanging this morning. He had been in ill health for the past winter, but he was believed to be improving. The first intimation that anything was wrong came this afternoon at 1:30, when Mr. Sitter arrived the barn and found Ziba's lifeless body hanging from a ladder. The body was at once cut down and laid on a table for three or four hours, until a physician said, later, Governor Smith of Oneonta was notified of the suicide and reached here late in the day. After ascertaining the facts of the case, he issued a burial permit and said he did not deem an autopsy necessary.

The body of Drew was removed to the home of a distant relative, Frank Wilson, and the funeral will be held there the time for which has not yet been fixed. Drew had been a resident of Hartwick for a number of years and for the past six years had been employed by Mr. Sitter as a handman about the boarding house. He was 37 years old and unmarried. He was survived by two brothers, William and Samuel Drew, of Hartwick, and one sister, Mrs. Bird of Cooperstown.

Benefit for Oneonta City Band.

Attention is called to the concert to be given by the Oneonta City band tomorrow at the Oneonta theatre for the purpose of raising funds for new uniforms for the "band boys." The band has been rehearsing frequently during the past few weeks and will render at each show a pleasing half-hour's program of popular and classical numbers. A liberal percentage of the proceeds of the evening will be donated to the band, and it is hoped that citizens will generously support the entertainment. The usual attractive picture program has been arranged by Manager Moore.

Parlor Millinery—Fine line of

planned hats and sailors at bargain prices. Hand-made hats a specialty. Open evenings. Mrs. C. E. Dibble, 197 Main street. advt 16.

WARNICK & BROWN-No. 1

In the Rugged Days of Lincoln—A Man's Choice

In the days of "Honest Abe," among the men who fought back the savage and hewed out clearings for their log cabins, "Old Warnick" was a favorite smoke.

It's the same today. No frills or fancies. No costly, pretty package. Just a pure, honest tobacco. Only finest grades Kentucky Burley, blended, nature-aged in the wood, simply cut and packed, and that's all. Flavored only with Nature's sweetness, fragrant only with Nature's aroma—it's a man's tobacco, loved by good men today the same as in the '60's.

L. WARNICK BROWN & Co., UTICA, N. Y.

Makers also of "PALMY DAYS"—a smoking treat for the man whose taste runs to flavored tobacco.
